Deluxe New Generation ULAFTX Flat Top

SUPER LOCK... Exterior Aluminum system is unique to US Cargo. Lasts longer, looks much better, resists rust much better. The interlocking aluminum panels are glued and mechanically fastened so that it is not exposed to view or the weather.

Six wide models and up have a double rear door standard. 5 wides come with single door due to size limitation. Ramp door optional upgrade is available. All doors have advanced automotive door seals to lock out dust, moisture, and road grime for superior protection.

All models have DryMax... Engineered Flooring, and walls, standard. These high performance engineered panels resist moisture and chemicals -will not absorb moisture, swell, warp, or delaminate. Stronger and stiffer than plywood.

*Your spare tire is required for emergency roadside assistance
