ASCENT

Introducing the all NEW Ascent. This 13' camper is your new heavy duty multi-purpose weekend get-away. The Ascent is perfect for those who want something that is functional and multi-recreational. With our pop out bed, you can sleep while storing your ATVs and UTVs safely on the inside with you. A new exterior feature that looks amazing is our tempered glass side door. This side door is able to be blacked out with our interior blinds to make it impossible to see in and give you the privacy you need. Any weekend warrior will love this off road cargo trailer with how versatile it can be.
